

'NEATH THE PURPLE ON THE HILLS

Logan Snodgrass – 1945

Verse

C **C#dim** **Dm7** **Ebdim**
Sittin' on the gate at the old corral
C **Ebdim** **Dm7** **G7**
While twilight purple lingers o'er old Mount Bonnel,
Em7 **A7** **C#dim** **Dm**
I'll never forget where our trails first met,
D9 **G7**
'Neath the purple on the hills.

Chorus

C **Gaug** **C**
How I'd love to wander back
C9 **Cdim** **C7**
Where Colorado thrills
F **C** **Cdim** **Dm7**
Down in that Blue Bonnet Valley
G7 **C**
'Neath the purple on the hills.
C
Where the Texas stars keep shinin'
C9 **Cdim** **C7**
On the sage beyond the trail
F **C** **Cdim** **Dm7**
Where we first wandered hand in hand
G7 **C** **F** **C**
'Neath the purple on the hills.

C7 **F** **G6** **C**
Mmm mmmm, Mmm mmmm
C7 **F** **B7**
When twilight's purple's fallin'
E7 **A7**
Seems I hear you callin'
D7 **D7b5** **G7**
And my heart stands still.

C
Now I've been so broken hearted
C7
Since the day that we departed
F **C** **Cdim** **Dm7**
From that old Blue Bonnet Valley
G7 **C**
'Neath the purple on the hills.

Turnaround: **F** **C** (Repeat chorus)

Arrangement by Dave Calvert
