## Chorus 3:

If she says "yes" then I'll say "yes"

If she says, "do" then I'll say "do"  
If she says "don't" I'll still say "do"  
Tonight's my night with ba-by

We'll move to the North Pole  
I know that we're not wrong  
You know at the North Pole  
The nights up there are six months long  
I guess she's nice I hope I'm right,  
But if I'm wrong I'll know to-night  
To-night's my night with ba-by.
